

Pool Area

Code: ANCMF-AU-ACF-PA-01 • Facility: Aged Care Facility • Frequency: daily

Scope of Work

- Thoroughly clean and sanitize all poolside surfaces, including floors, walls, and seating areas.
- Wipe down and disinfect all handrails, ladders, and poolside equipment.
- Vacuum and mop all tiled areas to remove dirt and debris.
- Clean and sanitize changing rooms, showers, and lockers.
- Ensure all waste bins are emptied and sanitized.
- Remove any visible debris from the pool water surface.
- Dust and wipe down all light fixtures and ventilation grilles.

Method

1. Begin by removing all loose debris from the pool area using a broom and dustpan.
2. Apply a suitable disinfectant to all surfaces, allowing appropriate dwell time for effective sanitization.
3. Use a mop and bucket with a neutral pH cleaner to mop all tiled surfaces, ensuring no residue is left.
4. Wipe down all handrails, ladders, and equipment with a disinfectant wipe.
5. Vacuum any carpeted areas using a HEPA-filter vacuum cleaner.
6. Clean and sanitize changing rooms and showers with a high-grade disinfectant, focusing on high-touch areas.
7. Inspect and clean all light fixtures and ventilation grilles, removing dust and cobwebs.

Equipment

- | | | |
|----------------------|------------------------------|---------------------|
| • Broom and dustpan | • Disinfectant wipes | • Microfiber cloths |
| • Mop and bucket | • HEPA-filter vacuum cleaner | |
| • Neutral pH cleaner | • High-grade disinfectant | |

Quality Criteria

Performance Level	Criteria
Excellent	All surfaces are visibly clean and free of debris; no streaks or residue on tiles; all high-touch areas are sanitized; no dust or cobwebs present; changing rooms and showers are spotless and odor-free.
Good	Minor debris present; slight streaks on tiles; most high-touch areas sanitized; minimal dust present; changing rooms and showers are clean with slight odor.
Pass	Noticeable debris; visible streaks on tiles; some high-touch areas missed; dust present on surfaces; changing rooms and showers are generally clean but with noticeable odor.
Fail	Significant debris; heavy streaks or residue on tiles; high-touch areas not sanitized; dust and cobwebs present; changing rooms and showers are dirty with strong odor.
